

DATA RULES EVERYTHING AROUND ME

A CONVERSATION SERIES BY NETIZEN & MOZILLA

Journalism, Activism, & the Surveillance State

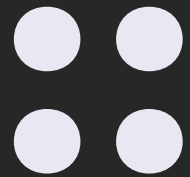

with Harlo Holmes

It seems impossible to communicate safely and securely online. Data hungry corporations and governments siphoning our internet traffic, collecting our searches, and mining our metadata.

But fear not! People like Harlo Holmes, Director of Newsroom Digital Security at Freedom of the Press Foundation, are working to educate folks how to be confidently secure their communications.

Join us as we get meta about data (and metadata) and discuss why privacy matters, even when folks say: "I've got nothing to hide."

THU, DEC 13, 2018

Event Opens at 6:30PM
Conversation starts at 7PM

MAKE CITY
320 N Damen Ave., First Floor
Chicago, IL. 60612

FREE TICKETS: dream.netizen.org

Harlo is a media scholar, programmer, and activist; she contributes to the open source mobile security collective The Guardian Project; and is a founding member of Deep Lab, a collaborative group of cyberfeminists addressing issues such as privacy, surveillance, code and art.

Data Rules Everything Around Me (D.R.E.A.M.) is a FREE & OPEN conversation series facilitated by Nick Briz & Jon Satrom. Artists, writers, developers, and other cultural producers discuss their research and perspectives on the data that fuels the systems that run our world.
